Featuring Eco-Tech engineering: innovative packaging – cutting edge technology – minimize environmental impact.

Everwipe's TAD paper uses up to 30% less pulp in the manufacturing process.

When used with Everwipe's proprietary dispensing systems, Everwipe's Roll Towels use up to 40% less paper vs. conventional paper towels.

Eco-Tech™ packaging ships more product in less space thereby leading to lower transportation costs and decreased CO2 emissions.

100% Recyclable Contents and Packaging.
