

Innovative Wiping Solutions...

Generations Ahead of the Competition!

AN AMERICAN MANUFACTURER

World Class Manufacturing:

QUALITY:

Legacy recognizes that “what you see” is not always “what you get” from other vendors. The cornerstone to our converting philosophy is that Quality delivered 100% of the time translates into 100% customer satisfaction. Legacy guarantees the product you sampled is the product your customers will receive.

RELIABILITY:

Direct lines of communication between the sales department, manufacturing, and warehousing means that no orders are booked until all team members have committed to the orders fulfillment within a specified time. When you place an order with us, it is as good as delivered on or before the promised delivery date. Guaranteed.

CONVENIENCE:

Whether you are a local customer who prefers to save money by picking up with your own truck or one of our global business partners around the world, Legacy is strategically located to get your products delivered within budget. Our manufacturing facility located in Carlstadt, NJ is only several miles away from both N.Y.C. and Port Elizabeth, NJ, allowing for both convenient pick up from our Tri-State partners or expedited international delivery. Our distribution location in Anaheim, CA enables us to stock many products and offset freight costs to our West Coast customers as well.

GLOBAL RESOURCES:

With over 40 years of building strong partnerships with the non-woven and paper mills worldwide, Legacy Converting has developed a relationship of integrity and trust with its manufacturing liaisons second to none. These alliances mean that adequate supply chains and low minimum quantity orders are never a problem at Legacy Converting.

INNOVATIVE IDEAS:

In a competitive industry such as ours, you need a dynamic team in both the sales and manufacturing sectors to stay fresh and ahead of the competition. Legacy’s sales team has the expertise to develop novel marketing strategies and the unique product packaging to succeed in today’s marketplace. Our manufacturing division has the flexibility and tenacity to make it all possible.

Our Commitment to You:

Consistently delivering product lines with the highest standards and most competitive pricing is what separates Legacy Converting from its competition. We guarantee all of our products will meet or exceed your expectations on every case and on every order. If you or your customers are ever dissatisfied with one of our products, we will gladly take them back for a full refund and will work hard to see that the issue is resolved for future orders.

INTEGRITY – QUALITY – CONSISTENCY...OUR COMMITMENT. GUARANTEED.
