## 01-690

Everwipe's Chem-Ready material is specifically designed to work with all different types of sanitizers and disinfectants. This high end material performs like a wiper but does not bind quaternary chemicals like ordinary towels and wipers. The apertures also allow the material to trap particles from surface wiping.

### Features & Benefits

Everwipe's Chem-ready delivery system allows you to create your own wet wipe system with whatever surfactant you see fit. Greatly reduces surface cross contamination of pathogens. The small roll put when used with the Chem ready buckets is extremely portable and easily resealed to prevent spilling. Ideal for Quat, Bleach, and Phenol-based compounds. Greatly reduces surface cross-contamination of pathogens.

### Product Specifications

Wiper sheet size: 12

Item per Each :90

Each per Ship Unit :6

Each Dimension :6.25"H x 6" O.D.

Case Total Pcs :540

Case Dimension :19.25"x13.13"x7.14"

Case Weight :6.5

Pallet Unit Quantity :77

Pallet Dimensions :40"x48"x85"
